Academic Calendar
SESSION : 2022-2023

OUR INSPIRATIONS

ACADEMIC CALENDAR – (2022-23)

What's unique about the RBPS Academic Calendar?

The school calendar is full of interesting activities which are planned keeping the academic and co-curricular set of courses in mind. Students participate wholeheartedly in inter class and inter house activities. The calendar is a comprehensive guide that suggests programmes/projects/events that can be planned and scheduled for the year. The calendar also proposes to serve as a record and many academic initiatives which call on the active participation of school heads, teachers and students.

Using the Calendar supports academic initiatives:

1. It enables organization of school curriculum at the beginning of the session, so that scholastic and co-scholastic activities can be integrated seamlessly with appropriate time management.
2. It gives a total picture of the year's activities and helps schools to pace and plan accordingly.
3. Expeditions, trips and excursions organized by the school.
4. Most importantly, any issues pertaining to the conduct of certain programmes can be resolved well in time to ensure adequate preparation and effective presentation.
5. It is crucial for stakeholders to consult the calendar on a regular basis.

Your feedback will go a long way in enhancing the effectiveness of the Academic Calendar in the forthcoming years.
